Services offered

- ✦ Cabinets; Both milling and assembly including drawer boxes, doors and toe kicks. Both frameless and face frame construction are offered
- ✦ Countertops; Post formed tops, angled and radius tops
- ✦ CNC milling; Nesting and machining of components. Our 5 ft x 12 ft. flat table CNC machining center allows us to offer our customers a wide range of services from fully machined cabinet parts to geometric shaped components for use in constructing angled, radius and complex millwork.
- ✦ Design; We offer CAD design and detailing for specialty or hard to engineer projects.
- ✦ Assembly; We offer complete assembly, including installation of drawer boxes, hardware and doors. We also offer assembly of custom casework and millwork.
- ✦ Shipping; Products can be picked up at our location in Orange, CA. or be delivered via our truck.

O.W.I. standard cabinet specifications

Cabinets are built using the following specifications unless specified differently by customer.

- ✦ Cabinet Box; 3/4" thick sides, top, bottom, partitions and shelves, substrate material is generally particleboard. Note; melamine is the most commonly used material for interior surfaces. On wood veneer cabinets, substrate is generally MDF or particleboard (option of O.W.I.). Dowel construction is used for cabinet box
- ✦ Cabinet backs; 1/4" thick, substrate material is MDF. Backs are dadoed into cabinet sides, bottoms and tops of upper cabinets. 3/4" particleboard nailers are pocket screwed behind the back. Combined back thickness is 1"
- ✦ Toe Kicks; Toe kicks are not included or incorporated into cabinet (except for cabinets #160-162). If attached toe kick is requested, incorporate height of kick into cabinet height. 3/4" particleboard substrate.
- ✦ Drawer Boxes; We have 2 standard options for drawer boxes. "Option A" - 5/8" thick white melamine with 1/4" thick bottom. Edges banded in .5mm white PVC & "Option B" - 1/2" thick clear pre finished maple veneer plywood with 1/4" pre finished maple veneer plywood bottom. Edges banded in .5mm wood grained PVC to match drawer box. Dowel construction is used for drawer boxes
- ✦ Adjustable shelves; Both fixed and adjustable shelves are offered. 5mm holes are placed 32mm O.C. for adjustable shelves substrate material is generally 3/4" particleboard.
- ✦ Decorative door and drawer fronts; Decorative wood doors can be ordered by O.W.I. through door vendor of customers preference.
- ✦ Slab door and drawer fronts; Slab doors are manufactured by O.W.I. and are 3/4" thick, substrate is particleboard.
- ✦ Hinges; "Blum" press-in clip hinges with press-in base plates.
- ✦ Door reveals (frameless cabinets only); 1/8" or 1/4" at top and bottom. 1/16" at sides and 1/8" between fronts. Tall cabinets shall have same reveal as specified for upper cabinets.
- ✦ Hanging cleat for uppers; Unfinished ends of upper cabinets are routed below top nailer to allow for a continuous hanging cleat. O.W.I. will provide 8'ft. rips of hanging cleat with order
